If it doesn't say Kinesio it's not the real thing.
This is the original Kinesio Taping Course.

Kinesio Taping is the original (elastic therapeutic taping) method. Our course curriculum reflects over 25 years of educational seminars, symposiums, forums, research and professional sharing among tens of thousands of professionals. We have developed all aspects of Pediatrics, Myofascial, Lymph, Sports, Hand, Face, Neurological and Equine taping. The Kinesio Taping Association has been around since 1984 with over 20 books having been published since 1994.

Not only have we always offered a Superior Education but we also have a Super Product. In addition to Kinesio Tex Classic, we now have the revolutionary Kinesio Tex FP.

Kinesio Tex Tape is the only elastic therapeutic tape that has undergone continuous changes and improvements throughout the years.

Dr. Berton has taught over 160 courses to thousands of medical professionals.

INSTRUCTOR: Roger &/or Lana Berton

Roger Berton, DC, CKTI is a graduate of the National University of Health Sciences, Chicago, Illinois. He owns and operates Health Care Clinics in Tecumseh & Windsor, Ontario, and is a certified Kinesio Taping Course Instructor. He also worked as the Program Coordinator and Instructor for CDI's Registered Massage Therapy Program (Windsor, ON). Prior to his association with CDI, Dr. Roger Berton devoted three years to the Athletic Department of St. Clair College as Chiropractor, Acupuncturist, and Sports Nutrition Instructor for the Continuing Education Department. He has gained significant recognition being asked to present at The Canadian Athletic Therapists Association Annual Conference, The Action Sport Physiotherapy Symposium and The College of Chiropractic Sports Sciences Symposium. At this point in his career he has taught over 160 Kinesio Taping workshops across the world. These workshops are designed to enhance one's ability to apply this modality, one of the most non-invasive soft tissue treatments in use today.

Lana Berton, MPT, CKTI is licensed with the College of Physiotherapists of Ontario. She is a member of the Canadian Physiotherapy Association and Ontario Physiotherapy Association. She graduated from the University of Windsor with an Honors Degree in Kinesiology specializing in Movement Science. She attended Wayne State University where she obtained a Bachelor of Science in Health Sciences and then a Masters of Physical Therapy degree. Her clinical interests are in Outpatient Orthopedics and Pelvic Health. She is a Certified Functional Abilities & Physical Demands Evaluator and a Certified Laser Therapist. She also performs independent medical assessments for various companies.
